**INFORMATION DISCLOSURE STATEMENT**

S I R:

In order to comply with discretionary rules 37 CFR §§1.97 and 1.98, attached hereto is a copy of Form PTO-1449 and a copy of the document listed thereon. This document contains information in which the Examiner may consider to be important in deciding whether to issue a patent in the instant application.

Attached hereto is a copy of a Chinese Office Action dated September 12, 2003 from the corresponding Chinese Patent Application. Such Office Action cited two documents. Both documents were cited in an IDS previously submitted on February 21, 2002. One of such documents, namely CN 1 131 015A corresponds to WO 96/02117.

As this statement is being filed prior to issuance of a first Office Action, no fee is due.

Each item of information contained in the information disclosure statement was first cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this information disclosure statement.

The present Information Disclosure Statement is being submitted in compliance with 37 §CFR 1.56 as an Examiner might consider any cited information important in deciding whether to allow the application to issue as a patent, but the citation of such information is not to be construed as an admission that such information is necessarily relevant or prior art. No representation is intended that the cited information represent the results of a complete search, and it is anticipated that the Examiner in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 CFR 1.104 (a).

**Any fee due with this paper may be charged on Deposit Account 50-1290.**

Respectfully submitted,

Brian S. Myers
